## Highlights of the Regional Board Meeting—Oct 1, 2001

### Sewer System Bylaws Updated

The Regional Board gave the first three readings to a series of bylaws relating to the Westside Regional Sewer System. The Sewer System Regulation Bylaw outlines the general requirements to connect to the sewer system and specifies what can and cannot be disposed of through the sewer system. This Bylaw replaces all previous bylaws regarding the sewer system regulations. The Sewer System Fees and Charges Bylaw defines all fees and charges for property connecting to the sewer system. The Bylaw walks through the various steps involved in connecting to sewer and the cost associated.

Contact: Hilary Hettinga, P. Eng. 868-5241  
Director of Engineering Services

### Subdivision and Development Bylaw Updated

The Subdivision and Development Servicing Bylaw was amended with some minor administrative changes. The Subdivision and Development Services Bylaw establishes standards for works such as sewers, sidewalks, curbs, gutters, streetlights, and other urban services. These standards apply to all subdivision and development construction.
